

OFFICE MEMORANDUM

DATE: May 1, 2003

TO: Region Engineers
Region Delivery Engineers
TSC Managers
Resident/Project Engineers
Region Construction Engineers

FROM: Larry E. Tibbits
Chief Operations Officer

John C. Friend
Engineer of Delivery

SUBJECT: Bureau of Highway Instructional Memorandum 2003-05
2003 Edition of the MDOT Construction Manual

The *Construction Manual* has been revised to reflect changes in the *2003 Standard Specifications for Construction*, including conversion to U.S. Customary units and changes in our materials quality assurance programs. The manual is being published in dual units in order to allow its use on projects using 2003 Interim/Final Standard Specifications for Construction, along with the projects using the *1996 Standard Specifications for Construction* let after the date this instructional memorandum is issued.

Manual holders listed in the MDOT Publications Office database will be notified of the availability of the new edition. Questions concerning the revisions may be directed to Judy Ruskowski, Engineer of Specifications, at ruszkowskij@michigan.gov. Information on obtaining the manual, including all future revisions, should be directed to MDOT's Publications Office at MDOT-publications@michigan.gov or www.mdot.state.mi.us/orderpubs/
